**MEMBER**  
NATIONAL NEGRO PRESS ASSOCIATION.

Of course no reasonable person believes that Negroes are sending any anonymous threats to white citizens. That is merely a part of the dirty program of the Gallagher-Barnett-Kellogg and the Kansas City Journal in readily lending itself in spreading the propaganda.

"Own Your Own Home," is the slogan we are told, yet for the Negro, it means that the home must be selected in the most insanitary and inaccessible sections of the city. He must keep as his ideal the old log cabin behind "Marse Lige's" big house, otherwise the devil will be to pay.

If a white householder, living among his own people waries of his neighbors—outgrows their society—and offers to sell his property to colored people, then who has committed the real offense, if any, the outgrown neighbors, the householder or the black purchaser?

The Kansas City Journal is wont from time to time to deal off some very readable editorial generalities concerning the basic rights of the Negro as a factor in American society, but when it comes down to the real tangible issues of civil rights which actually touch the colored man's life the big "Republican" daily can always be found wobbling around on the other side.

We believe in race integrity. It is our only hope and certainly ought to be our greatest pride. Negro men should realize the folly of yielding to the temptation to associate with weak white women. The Negro is always to blame and the white woman always hypnotized. The white men who daily visit Negro buffet parlors and make dates with colored women are also hypnotized. Hypnotism is a foul art and ought to be suppressed by law.

Down in Georgia recently a returning Negro soldier was beaten to death by his white fellow citizens because he failed to take off his uniform immediately after coming home from France where he had been fighting for world democracy. The Georgia crackers evidently mistook his sacrifice to have been made in behalf of world democracy, their highest ideal of domestic tranquility and social enjoyment.

#### PUT YOUR BEST TIMBER TO THE FRONT.

Put your best men to the front; this should apply to church and state, put your men and women to the front who are worth while, and whom you do not have to make any apologies for, if there is any weakness in our efforts to rise it is in the fact that we are given to recognize leadership on the ground of friendship, and not worth and character; hence oftentimes we are imposed upon and our progress retarded. It is a well-known fact that in some of our churches if the pastor insists on a strict accountability of the church's money that he is going to have trouble and he won't be long about it; and in some of our churches he must not become aggressive along certain moral lines, if he does he will find himself in trouble. So therefore for a cure to all the above evils the people must see to it that none but the very best are placed at the front—Los Angeles Eagle.

#### THE COLORED PRESS A VALUABLE ASSET IN WAR WORK.

An asset of incalculable value in pushing war work among the colored people of the country was the Negro press, the larger portion of which is actively identified with the National Negro Press Association, the organized instrumentality of the race for the propagation of sentiment looking to its general uplift. These papers, large and small, of every denomination, fraternal affiliation or geographical section, without exacting a penny of compensation, gave column upon column of their space to the war news that cheered the millions of colored Americans throughout the period of hostilities and kept them fully informed as to the helpful activities of the masses in the work of winning the war. This service proved to be of the greatest possible assistance to those charged with the conduct of the war, as it won and held the confidence of the people, maintaining their morale and stimulating their patriotism at the crucial hour, when this nation needed the loyal and earnest cooperation of every element of its citizenship to assure victory to its cause. The superb and generous support given by the colored press to the war aims of the American government was one of the outstanding and most gratifying features of the trying conflict with the foes of civilization.
